

NEW! CLINICAL HYPNOSIS FOR PREGNANCY AND CHILDBIRTH COURSE

This 4 day course, in association with Thames Medical Lectures, is run by Ursula James, a renowned hypnotherapy lecturer, practitioner, author and media personality; students who successfully complete the course are awarded a certificate to practise hypnotherapy in maternity care from Thames Medical Lectures. NB This course is distinctly different from other courses claiming to prepare professionals to practise "hypnosis" for pregnancy and childbirth; Expectancy's course prepares midwives, doctors, health visitors, hypnotherapists, doulas, antenatal educators and complementary practitioners to make justifiable judgements about appropriate and safe hypnosis protocols for individual pregnant and labouring mothers. We are currently negotiating with the University of Greenwich for academic accreditation.

Dates: London Saturday 6th / Sunday 7th February and Saturday 6th / Sunday 7th March 2010

Dates: Cheshire Sat. 25th / Sunday 26th September and Sat. 23rd / Sunday 24th October 2010

Pre-requisites: Midwifery, nursing or medical qualification OR subject to prior completion of Caring for Pregnant Clients course or Maternity Support Therapist programme. Please note: Hypnotherapists & psychotherapists who are not midwives will be required to complete the Caring for Pregnant Clients course (by distance learning - £150 if booked with Hypnosis course) or produce documentary evidence of recent academic study of pregnancy physiology and an understanding of the conventional maternity services. **Fees: £550**

**20% discount for applications
received and paid for in full before 31st July 2009: £440**
